

## (Optional) Child Profile Form

The purpose of this form is to help the teachers and volunteers in our Foundations Kids area to love and serve your child best - by creating a child profile. We welcome children of all abilities and backgrounds and this form helps us know any considerations or accommodations the child may need. This form is beneficial for any child with sensory, mood, cognitive, behavioral, or physical differences - and can also include children going through challenges/ big changes in home and/or school life, adoptive children, and any children the parents/caregivers feel would benefit from a more detailed profile.

Child Name: \_\_\_\_\_ Birthdate: \_\_\_\_\_

Parent(s)/Caregiver(s): \_\_\_\_\_

Diagnoses: \_\_\_\_\_

What are some of your child's interests and likes? Favorite school subjects, sports, activities?

What are some of your child's strengths?

Do you have any questions or concerns regarding your child attending the Foundations Kids program? If so, what are they?

**Physical Considerations:**

Are there any physical considerations that should be considered when planning Sunday school lessons, games and activities? (ex: my child cannot grasp small items like a crayon and would need a marker or special crayon for coloring activities or my child is in a wheelchair but has full motor function in arms and hands)

**Behavioral/ Sensory Considerations:**

Are there any behavioral/ sensory considerations that should be considered when planning Sunday school lessons, games and activities? (ex: my child can get overstimulated by lots of noise and activity OR my child can be demand avoidant when asked to do something - consider offering 2 choices instead of a direct command)

**Communication/ Cognitive Considerations:**

Are there any communication considerations that should be considered when planning Sunday school lessons, games and activities? (ex: my child is non-speaking and uses an AAC device to communicate to help with transitions or my child has difficulty following directions - please break down directions 1 step at a time)

Anything else you would like us to know about your child?
